

Funding Guidelines

Welcome to Stay Social!

If you are a client of the San Diego Regional Center (SDRC), you are eligible to receive funding for Stay Social activities. This guide will walk you through how to request funding and get started, based on your specific SDRC program.

How the Token System Works

Stay Social uses a simple “token system” to register for events. When your funding is approved, you'll receive tokens to use toward any of our activities. There are two ways to receive tokens:

- **Packages** — Purchase a set number of tokens. Tokens never expire, so use them at your own pace.
- **Memberships** — Enjoy unlimited tokens every month for as long as your membership is active.

What's Included at Stay Social?

We host a wide variety of weekly fun activities for every interest:

Activity	Examples	Cost
Core Events	Bowling, Pickleball, Art Socials, Dating Events	1 token
Semi-Private Lessons	Golf Lessons (Range & On Course)	2 tokens
Premium Events	Cooking Classes, Padres Games, LEGOLAND, Dances + Formals	3 tokens
Clubs & Small Groups	Run Club, Bowling Club, Performing Arts Club	Pricing varies

Two Paths for Funding

1 Traditional Funding

If you are on the Traditional Funding Track with the San Diego Regional Center (SDRC), your Service Coordinator can request funding for Stay Social through **The Social Recreation Program**.

Here's what you need to know:

- Funding is approved for 6 months at a time
- Request all funds needed for the next 6 months
- Once funding is approved, more cannot be requested until the 6 months are complete

Use the pricing guide below to help you and your Service Coordinator request the right amount. Make sure you request enough to join all the activities you're excited about!
